PROFESSIONAL SUMMARY

Full Stack Developer and IT Professor with solid experience in software engineering, web development, RESTful API architecture, microservices and databases. Currently a Senior Systems Developer at AeC, working fully remotely on the development and maintenance of enterprise systems, with public-sector experience in microservices, payment integrations and work as a Product Owner (PO). Background as a university professor and IT tutor, and active in scientific research as a Ph.D. candidate in Mathematical and Computational Modeling (CEFET/MG) with an M.Sc. from UNIMONTES, bringing strong analytical skills, product vision and technical rigor.

TECHNICAL SKILLS

Frontend	React, TypeScript, Next.js, Tailwind CSS, HTML5, CSS3
Backend	Python, Django, FastAPI, Node.js, Java, Spring Boot
Mobile	React Native, Expo (Android)
Data	SQL, PostgreSQL, MySQL, MongoDB, Pandas, Jupyter, Applied Statistics
DevOps	Docker, Linux, Nginx, Git, GitHub Actions, CI/CD, Grafana
Management	PMI/PMBOK, Scrum, Kanban, BPMN, Product Owner (PO)

Soft skills: Leadership and Mentoring · Adaptability · Clear and didactic communication · Problem Solving · Cross-functional collaboration

PROFESSIONAL EXPERIENCE

Senior Systems Developer

AeC

Nov 2026 - present

- Develops and maintains enterprise systems, working fully remotely.

Backend Developer & Product Owner (PO) - GLS/IT

Instituto Mineiro de Agropecuária (IMA)

Jul 2026 - present

- Technical support management and Product Owner of the Sidagro system (validated for Firefox).
- Development of RESTful APIs, internal automations and continuous evolution of the backend.
- Modeling and administration of relational databases for management reporting.
- Standardization of environments with Docker (development, staging and production).

Management Assistant & Product Owner (PO) - NIM

Instituto Mineiro de Agropecuária (IMA)

Sep 2024 - Jul 2026

- Leadership at the Innovation and Modernization Unit (NIM) and management of IT projects.
- Analysis and documentation of complex business rules as PO of the Sidagro system.
- Development of the DAE/PIX payment platform and corporate authentication microservices.
- BPMN process modeling for the integration and modernization of institutional processes.

University Professor - Databases & Web Architecture

Centro Universitário Newton Paiva

Aug 2024 - Dec 2025

- Hands-on teaching of Databases and Web Architecture with an industry focus.
- Supervision of capstone projects in software development and RESTful APIs.

Technology Professor, Tutor and Author

UNIASSELVI / Vitru Brasil Empreendimentos

Feb 2022 - Feb 2025

- Academic tutoring in the Systems Analysis and Development and Internet Systems programs.
- Author of the course 'Backend II with Databases' (original teaching material).

Management Assistant - Agricultural Defense

IMA - São Francisco Regional Office

Nov 2005 - Sep 2024

- Regional management in northern Minas Gerais, operational control and issuance of official documents.
- Automation of reports and management spreadsheets to streamline daily operations.

University Professor - Mathematics and Management

FADENORTE - Faculdade de Desenvolvimento do Norte

2019 - 2020

- Taught Statistics, Financial Mathematics, Financial Management and Technological Innovation.
- Supervision of Capstone Projects (II, IV and V).

Course Mediator - IFNMG

Federal Institute of Northern Minas Gerais

2017 - 2020

- Distance learning mediator (2020): Mobile Device Programmer (continuing education course).
- On-site tutor (2017-2019): Internet Computing Technician program.

Full Stack Developer

Personal projects and consulting

2014 - present

- Web systems and APIs with Python, Django, Java, Spring Boot, React, TypeScript and Docker.

EDUCATION

Ph.D. Candidate 2025 - present	**Mathematical and Computational Modeling** CEFET/MG	
Non-degree Student (Ph.D.) 2021 - 2022	**Computer Science – UFMG** Courses: Computer Vision, Data Visualization, Data Mining and Quantitative Finance (credits transferred to the CEFET-MG Ph.D.).	
M.Sc. 2016 - 2019	**Computational Modeling and Systems** UNIMONTES	
Bachelor's Degree 2010 - 2014	**Computer Engineering** FEMC	
Specialization 2008 - 2009	**Mathematics and Statistics (Postgraduate)** UFLA - Federal University of Lavras	
Specialization 2008 - 2009	**Mathematics Education (Postgraduate)** FINOM - Faculdade do Norte de Minas	
Teaching Degree 2004 - 2007	**Mathematics** UNIMONTES	

LANGUAGES

Portuguese	Native	
English	Reading Proficiency	UFSC Exam 2025 - Score 8.50 / 10 (Verification key: 5113208805889763695)
Spanish	Basic	

FEATURED PROJECTS

Professional Portfolio V3	Responsive personal website - React, TypeScript, TailwindCSS, dark/light theme.	leoproti.com.br
A&G Enfermagem	Prison nursing app built with React Native/Expo - published on the Google Play Store.	aeg.leoproti.com.br
DAE/PIX Platform v2	Corporate fee-collection system (React, Node.js, PostgreSQL, Docker) in production at IMA.	daev2.leoproti.com.br
IMA Auth	Corporate single sign-on (SSO/JWT) authentication microservice for IMA's Sidagro ecosystem.	ima-auth.leoproti.com.br
Sidagro System (IMA)	Minas Gerais agricultural defense portal – Product Owner (PO) and backend developer.	sidagro.ima.mg.gov.br
Ph.D. Projects Hub	Full stack platform for scientific analysis and mathematical modeling - Next.js and FastAPI.	projetos-doutorado.leoproti.com.br
